## IT Consulting

TRT provides IT solutions that seamlessly integrate with your business providing you the most comprehensive and up to date technology solutions to fit your needs. We offer...

- **Project Implementation**-TRT will implement any technology project.
- **Managed services**-24/7 monitoring and maintenance of your IT infrastructure, including backups, patch management and remote access.
- **All inclusive IT**-We will be your IT department. Onsite work access to our help desk and managed services.
- **Emergency Work**-If you have an IT emergency we have the solution. Data loss, crashed PC, crashed server, disaster mitigation.
- **New office set up**
- **Office technology moves**
- **Low Voltage Wiring**-Wiring and cabling jobs for your office. We have an experienced team that will install all your low voltage needs.
- **Off Site Backups**- Backups make sure you have a backup outside your location in case of a disaster.
- **Virtualization**-Virtualize your office. Save money on hardware and put your servers on our virtual network. Also a good backup plan if you have a disaster.
- **Disaster Recovery**-We will write up your disaster recovery plan, and then if the worst should happen will assist you in getting your network up quickly so you can get back to business and minimize your downtime.

## Disaster Recovery / Restoration

Technology Response Team provides professional cleaning, restoration and disaster recovery services for equipment damaged by fire, water, smoke, soot, power surges, and hazardous materials. We meticulously review and evaluate all equipment after the restoration process to ensure that the equipment is restored to pre-loss condition. In addition to cleaning and restoration, our experienced Information Technology staff ensures that all equipment is operating properly and all data is intact.

## Low Voltage Wiring

TRT does affordable, clean and professional low voltage wiring installs. We do Cat5, Cat5e, Fiber optic installs for network infrastructure. We also do security, audio visual, coaxial, paging systems and telecommunications installs. We pride ourselves on our professionalism, customer service, and our clean organized installs that meet TIA/EIA industry standards as well as all local and state building codes.

## IT Platforms

Cisco, Juniper, Microsoft, VMWare, Sonicwall in addition to **Apple & Droid Tablet experts.**

## Recent Clients

Excelis, Cocat, Statebridge LLC, Black Raven Energy, Outwardbound, Tommy's Marine, Boys and Girls Club, Lightning Eliminators
